Catalytic Development Programme

173. SHRI RAMA MUNI REDDY SIRIGIREDDY: Will the Minsiter of TEXTILES be pleased to state:

(a) the details of Catalytic Development Programme;

(b) the budget allocated to the above programme since its inception, year-wise;

(c) the silk production in the country during the last five years, year-wise and producing-State-wise; and

(d) the total allocation for Catalytic Development Programme in the Tenth Plan?

THE MINISTER OF STATE IN THE MINISTRY OF TEXTILES (SHRI BASANGOUDA R. PATIL): (a) Central Silk Board has been implementing Catalytic Development Programme (CDP) for development of Sericulture in collaboration with the State Governments. The programme supports stake holders in operations ranging from food plant cultivation to marketing of products in mulberry, tasar, eri and muga silk. Technology absorption, investment generation, productivity improvement and employment generation from the basic objective of the programme. A list of schemes implemented under CDP during IX Plan and details of its component during X Plan are at given in the enclosed Statement-I and II respectively (*See* below)

(b) Year wise allocation of funds under CDP depends upon the proposals received from States. During IX Plan CDP was approved at a total cost of Rs. 89.27 crores, however, an amount of Rs. 52.88 Crores could be allocated by CSB depending upon the proposals received from the State Governments. Year wise details are given below.

Rs. Crores

Year	1997-98	1998-99	1999-2000	2000-01	2001-02	Total
Out lay	8.26	7.50	11.00	10.40	15.72	52.88

(c) Details of State-wise and year-wise production of silk during the last five years are given in the Annexure. [*See* Appendix 198 Annexure No. 2]

(d) Total allocation for CDP in the X Plan is Rs. 173.73 Crores.

Statement I

List of Schemes under Catalytic Development Programme Implemented in the States during IX Plan

Sl. No.	Name of the Scheme
1	Scheme for increasing quality raw silk production by promoting use of multiend reeling units.
2	Installation of Common Facility Centres for handloom silk processing.
3	Enterprise Development Programmes.
4	Creation of Growth Centres for production of quality silk.
5	Support for quality enhancement for the silk sector.
6	Support to Reeling Units.
7	Demonstration of backward integration in the reeling sector.
8	Promotion of Resource conservation Technology through Economic Ovens.
9	By-product use development projects.
10	Assistance to ISEPC for the project on Silk Fashion Garments.
11	Creation of improved mulberry variety banks in States.
12	On farm training and supply of start up tools to new Mulberry sericulturists.
13	Support for equipment upgradation of existing State/Parastatal/ Co-operative infrastructure in seed and reeling in non-traditional States.
14	Promotion of resource conservation technologies through Drip Irrigation.
15	Master Reeler assistance to States.
16	Crop Insurance Support for Mulberry.
17	Support to States for upgradation of seed multiplication infrastructure for tasar.
18	Support to agencies (NGOs/Co-operative Societies) for upgradation and popularisation of improved reeling/spinning devices for tropical tasar.

Sl. No.	Name of the Scheme
19	Crop Insurance Support for Tasar.
20	Demonstration of Systematic plantation in eri food plant with training and supply of start up tools.
21	Support to States for upgradation of seed multiplication infrastructure for eri.
22	Support to agencies (NGOs/Co-operative Societies) for upgradation and popularisation of improved Eri spinning devices.
23	Augmentation of Muga Food Plants.
24	Providing training and start up tools to farmers to practice muga culture.
25	Support to States for upgradation of seed multiplication infrastructure for muga.
26	Pilot scheme for support to private graineurs for production of quality muga seed.
27	Support to agencies (NGOs/Co-operative Societies) for popularisation of improved reeling/spinning devices for muga.
28	Crop Insurance Support for Muga.
29	Support for institutionalising supply of quality disinfecting materials.
30	Support for installation of quality linked cocoon purchase systems in non traditional States.
31	Support for installation of quality linked yarn purchase systems.
32	Support for pre-reeling productivity improved measures of a demonstrative kind adopted by States.
33	Support for Studies, Consultancies and Surveys.
34	Support for data base development.
35	Support for preparation of extention and publicity material in local languages
36	Support for product development, diversification and buyer awareness programmes.

Statement II

Details of its Sub-component/activities

During Tenth Plan

Sl. No.

I Mulberry Sector/Component

1 Reimbursement of cost of saplings to DOS (for Bivoltine)

2 Supply of rearing appliances/farm equipments to farmers:-

(a) On farm training and supply of start-up tools to new mulberry sericultureists (for general farmers)

(b) Supply of rearing appliances/farm equipments to farmers (for bivoltine farmers)

3 Providing assistance for drip irrigation

4 Supply fo quality disinfecting materials

5 Equipment upgradation of existing State/Parastatal/Co-operative infrastructure in seed and reeling

6 Assistance to farmers for construction of rearing houses.

7 Chawkie rearing centres-Assistance for construction of CRC building and procurement of chawkie rearing equipments

8 Crop insurance support.

II Tasar Sector/Component

1 Assistance for augmentation/maintenance of systematic tasar/ oak/tasar host plantation.

2 Assistance for maintenance of tasar/oak tasar seed multiplication infrastructure in the states.

3 Support to private tasar graineurs

4 Crop Insurance support for Tasar

III Eri Sector/Component

1 Augmentation of Eri food plants with training and startup tools.

Sl. No.

2 Assistance to states for the strengthening of eri-farm-cum-grainages

IV Muga sector/component

1 Augmentation of Muga food plants

2 Strengthening of muga seed multiplication infrastructure

3 Support to muga private graineurs.

4 Crop Insurance support for Muga.

V Post cocoon Sector/Component

1 Supply of multiend silk reeling machines.

2 Support to Reeling Units:—

(a) Interest subsidy on Working Capital loan sanctioned by Bank to reeling Units

(b) Incentive for production of bivoltine silk on multiend reeling machines

3 Quality Service Clubs:

(i) Procurement fo cocoon quality grading equipment.

(ii) Procurement of raw silk testing equipments.

4 Providing Master Reelers/Weavers/Dyers to States

5 Installation of Common Facility Centres

6 Quality linked price support scheme for cocoons and silk yarn

7 Support to agencies (NGOs\Co-operative Societies) for upgradation and popularization of improved reeling/spining devices.

VI Enterprise Promotion and Training

VII Extension and Publicity material in local languages
